

WRAPPED IN ST MARYS 31 MAY & 1 JUNE 2014

THEME: 'switched on'

BLOG: www.wrappedinstmarystas.com

What a great time we had in 2013! The town was abuzz with visitors and events, and it could not have happened without **you**, the St Marys community.

Special thanks to the **Cranks and Tinkerers** for their amazing car show once again, and to all **the artists** who participated by showcasing their skills with their creative and colourful power pole wraps. So many individuals and groups also contributed - **thank you**, everyone!

You are invited to participate again in a variety of ways for our 2014 event. Here are some suggestions, and a form for you to express interest. Free advertising for all participants!

Let's join together, have fun AND put St Marys on the map!

Ideas to get you thinking

Flower bombing – decorate the town with handmade flowers (crochet, knitted, felted, fabric – use your imagination) - see Rita at *Gone Rustic*, St Marys

Mug cosies – make a mug cosy to display in an exhibition; the more colourful and wackier the better (these will be sold to raise funds) - see Rita at *Gone Rustic*, St Marys

Discounts – local businesses, think about how you can offer incentives for people to come and spend the weekend in our great little town

Events – organisations and businesses, think about what you could offer to add to the buzz

Busking, exhibitions, sales, kids activities, etc. - the ball is in your court!

Want to participate? (or did you do something last year and want to be in it again?)

Please fill in this form and return it ASAP to:

Rita Summers, Gone Rustic Studio + Gallery, 37 Main Street, St Marys 7215
